Re: Schedule of Salaries, Honoraria, Travel Expenses, and Other Remuneration

Dear Councillor Bear:

It has been brought to our attention by the First Nation's Finance Department that there is an overreporting of the travel disclosed as being paid to you. Our responsibility for the Schedule is to provide a review of the information provided by the Finance Department. Our review was made in accordance with Canadian generally accepted standards for review engagements, and accordingly, consisted primarily of enquiry, analytical procedures and discussion related to information supplied to us by the First Nation.

As the amount of the overstatement is not material to the report as a whole, the First Nation will not be reissuing or updating the Schedule. I can assure you that your travel was overstated by \$10,539 only since the person had the same name. The correct travel figure that should have been included in the Schedule is \$63,565.

Your Finance Department has assured me that their records have been updated to reflect your married name and this cannot happen in any future years.

Please accept our sincerest apologies for any inconvenience.

Yours truly,

Chris Kauenhofen, CA
