## Management's Responsibility for Financial Reporting

---

The accompanying consolidated financial statements of Peguis First Nation and all the information in this annual report are the responsibility of management and have been approved by the Chief and Council of Peguis First Nation. The preparation of periodic financial statements involves the use of estimates and approximations because the precise determination of financial information frequently depend on future events. The financial statements have been prepared by management within reasonable limits of materiality and within the framework of Canadian public sector accounting standards.

The First Nation maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the First Nation's assets are appropriately accounted for and adequately safeguarded.

The Peguis First Nation Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

BDO Canada LLP, Chartered Professional Accountants, as the First Nation's appointed external auditor, has audited the consolidated financial statements. The Independent Auditor's Report is addressed to the Members and appears on the following page. The opinion is based upon an examination conducted in accordance with Canadian auditing standards, performing such tests and other procedures as they consider necessary to obtain reasonable assurance that the consolidated financial statements are free of material misstatement and present fairly the financial position and results of operations of the First Nation in accordance with Canadian public sector accounting standards. BDO Canada LLP has full and free access to the Council. These statements were presented to the Finance Committee prior to approval.

## Independent Auditor's Report

---

To the Members of Peguis First Nation

### Qualified Opinion

We have audited the accompanying consolidated financial statements of Peguis First Nation and its components ("the First Nation"), which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, except for the possible effects of matters described in the Basis for Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of Peguis First Nation as at March 31, 2019 and the results of its operations, its consolidated changes in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Qualified Opinion

The First Nation has had pending claims and funding disputes for flood expenditures in the amount of \$11,415,502 the valuation and collectibility of which is not susceptible of satisfactory audit verification as at the year end. During the prior year, additional claims of \$1,060,949 were recorded as recoverable. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the First Nation and claimed to the funders. Therefore, we were not able to determine whether any adjustments might be necessary to other revenues, annual deficit, and cash flows from operations for the years ended March 31, 2019 and 2018, financial assets as at March 31, 2019 and 2018, and accumulated surplus as at March 31, 2019 and 2018. Our audit opinion on the consolidated financial statements for the year ended March 31, 2018 was modified accordingly because of the possible effects of this limitation in scope.

During the year, the First Nation has debt financed and loaned funds for investments to its affiliate, Chief Peguis Investment Corporation (CPIC) in the amount of \$20,941,785. We were unable to obtain sufficient appropriate audit evidence over the recoverable value of these loans as CPIC's year end financial statements and investment income projections are not available. Therefore, we were not able to determine whether any adjustments might be necessary to valuation impairment expenses, annual surplus, and cash flows from operations for the year ended March 31, 2019, accounts receivable and financial assets as at March 31, 2019, and accumulated surplus as at March 31, 2019.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes to Consolidated Financial Statements

For the year ended March 31, 2019

---

### 1. Summary of Significant Accounting Policies

a) Basis of Accounting

These financial statements were prepared using the accrual basis of accounting in accordance with Canadian public sector accounting standards. The accrual basis recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipts of goods or services and the creation of a legal obligation to pay.

b) Basis of Consolidation

The Peguis First Nation reporting entity includes the Peguis First Nation government and all related entities which are accountable to Peguis First Nation and are either owned or controlled by Peguis First Nation.

These financial statements consolidate the assets, liabilities and results of operations for Peguis First Nation and use accounting standards which lend themselves to consolidation. All inter-entity balances have been eliminated on consolidation, but in order to present the results of operations for each specific segment, transactions amongst programs have been eliminated on the segment disclosures separately.

The following entities' results of operations are included in these financial statements under the full consolidation method:

Unincorporated Departments

Peguis School Board  
Peguis Health Services  
Peguis Training and Employment  
Peguis Gaming Commission  
Peguis Treaty Committee  
Peguis Recreation Committee  
Peguis Arena Committee  
Peguis TLE Implementation Office

Subsidiaries and Incorporated Non-Profits (100% owned/controlled)

Peguis Senior Centre Inc.  
Fisher Ambulance Service Ltd.  
Peguis AI-Care Treatment Centre Board of Directors Inc.  
6223291 Manitoba Ltd.  
6780734 Manitoba Ltd.  
Peguis Housing Authority Inc.  
CP Industries Limited Partnership  
Chief Peguis One Stop Limited Partnership  
Chief Peguis Pharmacy Limited Partnership

c) Investments

Investments in loans are initially recorded at cost. Valuation allowances are used to reflect loans receivable at the lower of cost and net recoverable value.

### 1. Summary of Significant Accounting Policies (continued)

#### d) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined, with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are the transfer of assets that are recognized and released by the payor government and are not representative of the full benefit of the recipient government's treaty entitlements. Government transfers are not the result of an exchange transaction, are not expected to be repaid in the future or are the result of a direct financial return.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that the transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

#### e) Tangible Capital Assets

Tangible capital assets are stated at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at purchased fair value at the time of the contribution, with a corresponding amount recorded as revenue. Crown lands received by Treaty Land Entitlement process are not recorded unless these are purchased by the First Nation (75,756 acres).

Amortization based on the estimated useful life of the asset is recorded once the asset is available for productive use as follows:

Infrastructure	5% straight-line basis
Buildings	20 to 40 years straight-line basis
Equipment	6 % to 20% straight-line basis
Automotive	20% straight-line basis

#### f) Measurement Uncertainty

The preparation of consolidated financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from management's best estimates as additional information becomes available in the future.

## Notes to Consolidated Financial Statements

For the year ended March 31, 2019

---

### 1. Summary of Significant Accounting Policies (continued)

f) Measurement Uncertainty (continued)

Measurement uncertainty exists specifically in the determination of accounts receivable, useful life capital assets, termination entitlements and unexpended funding. The recovery of eligible costs and reconciliation of funding provided for emergency flood operations and other restricted funding is dependent upon future events.

g) Employee Future Benefits

The First Nation maintains a defined contribution pension plan for its personnel. Expenses for this plan are equal to the First Nation's required contribution for the year.

The First Nation also offers termination benefits to its employees upon voluntary or involuntary termination of employment. The liability for this plan is determined using the projected benefit method and based on best estimate assumptions based on the employees' projected tenure and salary. The First Nation's expense is recorded as the change in the liability for the year.

h) Restricted Cash

Restricted cash balances represent assets segregated for use for replacement reserves in accordance with CMHC and FNIHB operating agreements. Restricted cash includes trust funds held by ISC and legal counsel and cash held as security for long term debt.

i) Liability for Contaminated Sites

Liabilities for remediation of a contaminated site are recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. At each financial reporting date, the First Nation reviews the carrying amount of any liability and remeasures.

### **2. Nature of Entity**

The First Nation is a non-profit, non-taxable entity and is engaged in the social, cultural, educational and economic development of First Nation citizens of Peguis First Nation. The First Nation provides services such as fire, ambulance, public works, community planning, parks and recreation, library and other general government operations. These financial statements do not include the following:

#### Peguis First Nation TLE Trust

Peguis First Nation (Peguis) entered into a Treaty Entitlement Agreement with the governments of Canada and Manitoba for the purpose of acquiring up to 166,794 acres of additional reserve lands. Under the agreement, Peguis agreed to create the Peguis First Nation Trust (the "Trust") to manage and administer certain monies to be paid for the purchase of land and other implementation administration. An additional sum was to be received for community purposes as set out in the agreement. The Trust is commonly known as the Peguis First Nation Treaty Land Entitlement (TLE) Trust. The Trust was created September 7, 2007 with Peguis, as settlor and beneficiary. The Trust is managed and controlled by an independently elected Board of Trustees.

#### Peguis First Nation Surrender Claim Trust

Peguis submitted a claim to Her Majesty the Queen in right of Canada (Canada) under Canada's Specific Claims Policy with respect to the purported surrender by Peguis, on or about September 24, 1907, of its rights and interests in the land referred to as the St. Peters Reserve. Peguis and Canada entered into a settlement agreement in order to settle the claim submitted by Peguis to Canada. The Trust was settled on June 15, 2009. The Trust is managed and controlled by an independently elected Board of Trustees.

#### Chief Peguis Investment Trust

The Trust was created June 1, 2012 with Peguis, as settlor and beneficiary. The Trust is managed and controlled by Board of Trustees who were initially appointed from Trustees elected for the other trusts. All subsequent Trustees will be elected. The Trust owns the shares of Peguis Development Corporation, Chief Peguis Investment Corporation and general partners of Peguis Foods Limited Partnership, Peguis Hardware Limited Partnership, and Peguis Midway Limited Partnership.

### 3. Restricted Cash

Restricted cash and cash equivalents includes funds restricted by agreements with funders. Under the terms of the agreements with CMHC, the replacement reserve account is to be credited in the amount of \$59,383 (\$79,440 in 2018) annually. These funds, along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation (CDIC) or as may otherwise be approved by CDIC from time to time. The funds in the account may only be used as approved by CMHC. Withdrawals are charged to interest first and then principal.

#### 9. Employee Future Benefits

##### Accrued Termination Entitlement

Accrued termination obligations are based on an actuarial valuation as at March 31, 2019.

The First Nation's contractual commitment for the termination entitlement for employees is to pay out 1 week of salary for each year of service upon voluntary or involuntary termination of employment, if the employee has full-time status of employment and has completed one full year of service, subject to certain maximum entitlements.

The significant actuarial assumptions adopted in measuring the First Nation's accrued termination entitlement include actual periods of service, including fractional years and projected salaries to the date of termination. Significant assumptions include a discount rate of 4.5% (5.0% in 2018), a rate of salary increase of 4.5% (3.5% in 2018) plus an age related merit/promotion scale, probability of termination and retirement.

An analysis of the changes in the employee benefits payable is as follows:

	<u>2019</u>	<u>2018</u>
Balance, beginning of year	\$ 2,047,966	\$ 1,912,000
Net increase in termination entitlements	11,232	135,966
Balance, end of year	<u>\$ 2,059,198</u>	<u>\$ 2,047,966</u>

##### Pension Plan

The expense for the First Nation's pension plan for the year was \$783,978 (\$744,387 in 2018). The plan is funded equally by the First Nation and the First Nation's employees at rates of 5.0% to 5.5% of the employee's salaries. The funds are invested in mutual funds as directed by the First Nation's individual employees' investment directives.

#### **15. Commitments and Contingency**

The First Nation has guaranteed on-reserve mortgages for its members. As at March 31, 2019, \$1,549,171 (\$1,074,331 in 2018) has been guaranteed by the First Nation. Of this amount \$1,549,171 of the loans were in default at year end and as the First Nation does not exercise security on these balances a provision for this amount has been recorded in the First Nation's records.

The First Nation has guaranteed a line of credit of \$75,000 for Peguis Hardware LP. At March 31, 2019, the limited partnership had \$25,000 of undrawn capacity under this facility. (\$75,000 in 2018).

The First Nation has guaranteed a line of credit of \$100,000 for Peguis Midway LP. At March 31, 2019, the limited partnership had \$5,000 of undrawn capacity under this facility. (\$75,000 in 2018).

The First Nation has been named in a countersuit with a former advisor for contingency and other billings. Legal counsel has advised that it is unlikely that the countersuit will be successful. The First Nation's claim against the advisor may provide a recovery of \$3,200,000 to \$5,000,000 of costs already paid. A provision for this claim has not been made in the financial statements as this is dependent upon future events.

#### **16. Subsequent Event**

Subsequent to year end, the First Nation disbursed over \$6.25 million through the Bridge Financing Inc. facility to various assets that were currently in construction at year end. These assets include buildings and other property under construction in the Cities of Winnipeg and Selkirk, and on the lands of the First Nation.

Subsequent to year end, the First Nation committed to a joint venture agreement for renovation and build out of a facility that will encumber approximately \$31,500,000.

**19. Budget**

The Management Action Plan (Budget) adopted by Council was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards now require a full accrual basis. The budget expensed capital expenditures rather than including capitalizing the assets. As a result, the budget figures presented in the consolidated statements of operations and change in net debt represent the Financial Plan were without adjustments for capital programs:

Management Action Plan (Budget) surplus for the year	\$ (4,606,669)
Add: Capital expenditures	9,100,000
Budget surplus per statement of operations	<b>\$ 4,493,331</b>
